**What's next...**

## Study Abroad at RMIT University

Immerse yourself in a new and exciting culture with students from around the world!

Would you like to study abroad and receive credits towards your degree at your home institution?

If your university does not have an exchange agreement with RMIT, or has limited exchange places, you can still join us in Melbourne for a Study Abroad program.

An RMIT Study Abroad program is a one or two semester program available for students who have completed one year of undergraduate studies.

## What can I study?

Option 1

### Design your own program

You can design your own program by selecting courses from RMIT University's range of disciplines, as long as you have the necessary prerequisites.

[bit.ly/aus-study-abroad](http://bit.ly/aus-study-abroad)

Please note that all courses are subject to availability, capacity and eligibility. All courses can change without notice.

Option 2

### Choose a Study Abroad Package

Suitable for students who have completed one year of undergraduate studies.

You can complete one or two semesters.

1. Select 3-4 courses to study in one semester from one of the Study Abroad Packages.
2. It is recommended to select a few back-up courses in case there are issues with availability or timetabling clashes.
3. Check the course search tool for availability: [bit.ly/aus-coursesearch](http://bit.ly/aus-coursesearch)
4. Check you meet the pre-requisites of each course:  
[rmit.edu.au/students/courses](http://rmit.edu.au/students/courses)

Please note that all courses are subject to availability, timetabling, capacity and eligibility. All courses can change without notice.

# Social Change Study Abroad Package

# Sustainability and Urban Planning Study Abroad Package
