### INNOVATION

Prefer to set trends rather than follow them? You've come to the right place. San Francisco State established the first international relations degree in the United States. Our Poetry Center and American Poetry Archives are the first of their kind, as is our College of Ethnic Studies.

### LOVE OUR LIBRARY

The J. Paul Leonard Library is your academic home on campus. It houses more than 1.5 million titles offering a massive world of information to explore. With its 200 computer workstations, 24-hour study areas and coffee shop, you've got a place that will support your academic success.

### PASSIONATE PROFESSORS

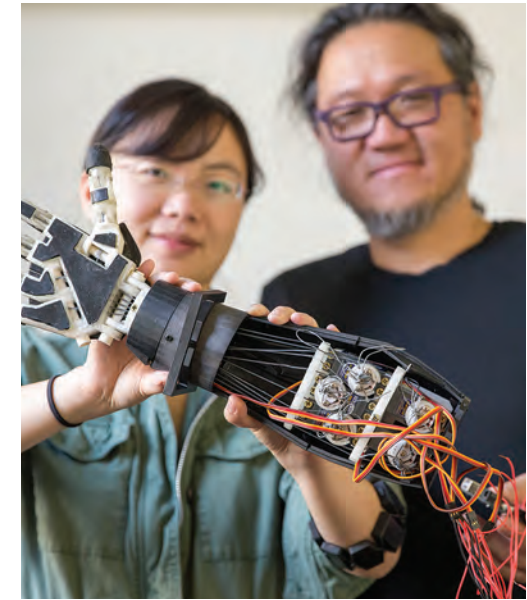

You'll never receive more personal, one-on-one attention from your professors than at San Francisco State — they make a big school feel small. They are passionate leaders in their fields who understand not every student learns in the same way. San Francisco State's 1,826 faculty are shaping the conversation in the arts, culture, technology, business, health care, education and science.

### MAKE A DIFFERENCE

At San Francisco State you get credit for community service — in the cosmic sense and on your course transcript. We offer more than 500 courses that combine learning with volunteering in the Bay Area community.

### JUMPSTART YOUR CAREER

Interested in jumpstarting your career? San Francisco State offers endless opportunities to explore internships, working with Bay Area professionals. Many of our academic departments offer credit-bearing internship courses, and our Institute for Civic and Community Engagement connects students with meaningful employment opportunities for academic credit.

**S**an Francisco State is overflowing with vibrant life everywhere you go. In fact, sometimes it gets downright noisy. Each weekday from 11 a.m. to 2 p.m., Malcolm X Plaza is at the center of it all. Grab a sandwich or a boba milk tea in the Cesar Chavez Student Center and gather with friends to take in the scene—the sights and sounds of a bustling campus where students gather to share their passions through dance, clubs and even an occasional protest.

College isn't all about academics. Whatever your interest or preferred sport, there's a student organization dedicated to it. Build your community among the more than 200 on-campus organizations: the Gospel Gators, Model U.N., the Gaming Guild, the Cinema Collective, Ultimate Frisbee at SFSU and the International Business Society.

Student activities include workshops, career fairs, concerts, arts and culture events, spirit days, movie nights and the annual Rhythms Music Festival, with past appearances by artists G-Eazy, Hayley Kiyoko and T-Pain.

## CSU GE Breadth Sheet

The CSU GE Breadth Sheet helps determine which classes transfer and count toward GE and admission requirements. See your counselor or Transfer Center for a copy.

## GE Certification
