WHERE TO LIVE

Whether you would like to live on campus or off campus, there are several options you can explore to find housing to suit your needs. Options include Homestay, which allows you to experience life with a local family while you study.

Temporary and short-stay accommodation

If you are intending to organise long-term off-campus accommodation once you arrive in Queensland, it is vitally important that you organise temporary accommodation for your first few days or weeks in Queensland, as it is important that you inspect your long-term off-campus accommodation before you move in. There are short-term accommodation options located near each of our campuses that are easily accessible by public transport.

Off campus

In Australia, share housing—where you share a house or apartment with a number of other students—is the most common form of off-campus accommodation.

When looking for suitable off-campus accommodation, you will need to consider:

- the cost of rent (usually advertised as a weekly amount)
- if utilities are included in your rent (electricity, water, gas)
- if internet is included in your rent
- if the accommodation is furnished
- how close the accommodation is to your campus
- access to public transport.

Off-campus accommodation preferred partners

The University has preferred partnerships with a selection of student accommodation providers in Brisbane and the Gold Coast. To ensure the quality and safety of these accommodation options, they have been inspected by Griffith University staff and have met performance and standards criteria.

Homestay

Homestay accommodation gives you the opportunity to live with an Australian family while you study. It is a great way to develop your English language skills and experience life in Australia, and offers catered and self-catered options. Homestay is available to GELI students studying in Brisbane City and at the Gold Coast. Some homestay providers offer independent living options such as a granny flat.

On campus

Griffith offers self-catered accommodation at Nathan campus and partners with Campus Living Villages to provide self-catered, on-campus accommodation in the Griffith University Village on the Gold Coast campus.

Please note that there is no on-site student accommodation at GELI Brisbane City, but it is ideally located near purpose-built student accommodation buildings (see 'off-campus' information).

COMING SOON!

New accommodation in 2026

Our Gold Coast campus is set to boast a new student accommodation tower. It is forecast for completion in 2026, with 459 new beds to be available.

Cost of living

There are many different costs involved in international study and your cost of living in Australia will vary depending on your lifestyle and personal requirements.

South East Queensland offers a combination of quality education and high living standards.

The Australian Government requires students on a student visa to have access to a minimum of **A\$29,710*** per year to meet their living costs, but most students spend more than this. Costs will be higher if you have family members accompanying you.

Calculating your total cost of study

Your total cost of studying in Australia will include:

- tuition fees
- visa application fees
- Overseas Student Health Cover (OSHC)
- flights
- cost of living
- other personal and study-related expenses.

Tuition fees

Tuition fees are reviewed annually, and students should expect an increase in fees each year.
