

# International Students **2026 Undergraduate and Postgraduate Degrees**

UNIVERSITY OF  
**NEWCASTLE**  
AUSTRALIA

# Every path welcome, every student celebrated.

At the University of Newcastle,  
we believe diversity is at the  
heart of innovation.

And with a 5-star rating for social equity<sup>1</sup>, we  
celebrate difference, and embrace fresh perspectives.  
So, wherever you come from, and whatever your  
passion, we are here to help you pursue it.

Maybe you will join our 300+ scientists and  
researchers working to discover renewable energy  
solutions. You might advocate for the rights of  
refugees, or make your start-up dream a reality.

Maybe you will join one of our 100+ clubs, societies  
and sports teams to meet people who share your  
passions and interests – and make lifelong friendships.

We are also proud to be ranked within the top  
40 universities in the world for impact<sup>2</sup>. We  
believe to make real impact you need real world  
understanding. And that is why all our degrees  
offer incredible hands-on experiences.

So come and join us at the University of Newcastle.  
Bring your ideas, your passion, and your energy.  
Together, we just might change the world.

**There's a place for you.**

The University of Newcastle acknowledges the traditional  
custodians of the lands within our footprint areas: Awabakal,  
Darkinjung, Biripai, Worimi, Wonnarua, Gomerioi, and Eora  
Nations. We pay respect to the wisdom of our Elders past  
and present. We extend our acknowledgement and respect  
to all Aboriginal and Torres Strait Islander Nations from  
which our students, staff and community are drawn.

Newcastle Callaghan campus

# Welcome

We are delighted you are considering studying at the University of Newcastle. Our University is ranked among the top 200 universities worldwide and celebrates its 60th anniversary in 2025. With a diverse community hailing from over 100 countries, our region provides a unique blend of cultures while enjoying a world-class education in a multicultural city.

Our stunning campuses offer more than just academic excellence; they are safe and welcoming hubs of cultural and social activities set against the backdrop of some of Australia's most beautiful landscapes. Whether you are into arts, sports, or simply enjoying the great outdoors, there is something for everyone.

Our career-ready placements are an integral part of all our programs, providing you with invaluable real-world experience that will set you apart in the competitive global job market.

We do not just talk about making a difference; we are doing it. We are ranked in the top 40 universities globally for impact against the United Nations' Sustainable Development Goals and we operate on 100% renewable energy.

We are also deeply committed to impactful research. As a student here, you will have the chance to learn from leading researchers who are making significant contributions to knowledge and innovation, both in Australia and globally.

We cannot wait to welcome you to our diverse and inclusive community, where you will find endless opportunities to learn, grow, and make a lasting impact.

**Professor Alex Zelinsky AO,**  
Vice-Chancellor and President

# Why study with us?

When you choose the University of Newcastle, you are not just picking a place to study; you are choosing an incredible lifestyle, an enriching educational experience and creating a competitive advantage for your future career. Here are some of the top reasons to study with us.

### Top 200 university in the world <sup>1</sup>

Enjoy a world-class education with industry experts, practical learning, and real-world experiences.

### 12 subjects ranked in the QS top 200 <sup>2</sup>

Choose from world-leading courses that suit your interests and goals.

### Get employed and earn higher salaries <sup>3</sup>

Start your career with confidence and earn more than the national average salaries. 91.6% of undergraduate and 94.5% of postgraduate students from the University of Newcastle find employment within four months of graduating.

### Be part of a diverse student community <sup>4</sup>

Join our vibrant community of over 36,000 students, including nearly 6,500 international students from over 100 different countries.

### Top 40 university in the world for impact <sup>5</sup>

Be part of a university that is committed to a better and more sustainable future for all, aligning our priorities to the United Nations Sustainable Development Goals (SDGs).

### Enjoy a more affordable Australian study experience

Our regional university offers a more affordable Australian study experience, with lower tuition fees and living costs than other major cities. Newcastle has plenty of part-time work opportunities available while you study your degree.

### Strong Industry Partnerships

Build your professional networks and connect with industry through strong partnerships across various industries. Participate in career-ready placements and engage with expert guest speakers through one of our many career exhibitions.

### NSW's No.1 Tourism Town <sup>6</sup>

Newcastle is the 2nd largest city in NSW and offers a cosmopolitan, coastal lifestyle. Whether you love surfing, arts, or food, there is something for everyone in this vibrant and diverse city.

### Career-ready placements

Engage in practical learning experiences with career-ready placements and state-of-the-art equipment that simulate industry standards.

### Leading regional economy in Australia and growing <sup>7</sup>

Home to more than 860,000 people and 427,000 jobs. The population is expected to increase to nearly 950,000 people by 2041.

# Newcastle

## A connected place to study

Newcastle is a vibrant coastal city with restaurants, cafes and pubs. There are many events and fun activities to do. You will be warmly welcomed into the Australian lifestyle and culture.

## Post-study work opportunities

are available in Australia after successful completion of study<sup>1</sup>

### Fast facts

1. The population of Newcastle is approximately 482,334.<sup>2</sup>
2. There are approximately 17,673 tertiary students in Newcastle.<sup>3</sup>
3. Newcastle is the second largest city in NSW, located 1.5 hours north of Sydney.<sup>4</sup>
4. Newcastle's average temperature is 18.6 degrees celsius.<sup>5</sup>
5. There are 41 beaches in the Newcastle, Lake Macquarie and Port Stephens area.<sup>6</sup>
6. Newcastle was voted the No.1 Tourism Town in NSW.<sup>7</sup>

## Entertainment

There are many low-cost and free activities for you and your friends around the city.

Here are some ideas to start with:

- Rent a bike, ride along the coast and watch for whales in winter
- Go hiking or spot wildlife at Blackbutt Nature Reserve
- Explore arts and history at Newcastle Museum, Art Gallery or Civic Theatre
- Go for a dip at one of Newcastle's world-famous beaches or swimming baths
- Enjoy a boutique shopping experience on Darby Street or visit our major shopping malls

To find other activities around Newcastle, go to [visitnewcastle.com.au/events](https://visitnewcastle.com.au/events)

## Job opportunities

Supporting over 80,000 jobs<sup>3</sup>, there are many part-time and full-time employment opportunities within the City of Newcastle. Total job vacancies in the Hunter region rose 225% from 2,120 in early 2020 to 6,898 by the end of 2021, reflecting the economy-wide trend of demand for employment<sup>8</sup>. The major industries operating within the region include health care and social assistance, education, training, retail trade, construction and accommodation, professional, scientific and technical services and food services, to name a few.

# 39%

more affordable than Sydney<sup>9</sup>

Merewether Ocean Baths

Mandatory credit: City of Newcastle

## Food

With a wide range of restaurants, bars and cafes, Newcastle has cuisines to suit all tastes. Here are some local favourites<sup>8</sup> to try:

- Darby Street, Cooks Hill - Goldbergs, Three Monkeys or Autumn Rooms (cafés), Kai Fan Chinese Restaurant or Darby Raj (Indian)
- Beaumont Street, Hamilton - Mockingbird (café), In Forno (Italian), Kings XI (Indian), Bangkok Nights (Thai) or Eight Buns (Chinese)
- Elsewhere in Newcastle - Ginger Meg's (Asian fusion), MEET (Brazilian), Sapphire Indian, Glebe Takeaway (fish and chips), Habesha Restaurant (Ethiopian), Saigon Feast (Vietnamese) or The Palace (Filipino)

Cooking a dish from home? There are many multicultural grocers to find all your favourite ingredients. Try Young Asian Grocery, Kwon Mart, Raj Spices, House of Asia, Kairali or Bibina.

## Sport

The people of Newcastle, known as Novocastrians, love a range of sports. Help cheer on our local men's and women's teams at a Newcastle Knights (rugby league), or Newcastle Jets (soccer) game. Head down to Merewether Beach for the annual Surfest Newcastle event attracting hundreds of pro men and women surfers from all over the world.

There are also plenty of opportunities to stay active yourself. Join one of the many local sports teams and swim at swimming pools, coastal baths or patrolled beaches. Take advantage of student discounts at NUsport gyms based at Callaghan campus and Newcastle city.

## Nearby Newcastle

Surrounding Newcastle are regional attractions including:

- Lake Macquarie - Australia's largest coastal saltwater lake
- Port Stephens - a collection of seaside villages with beautiful sand dunes
- Hunter Valley - stunning vineyards, valleys and gourmet eateries
- Barrington Tops - a world-heritage listed rainforest popular for bushwalking, kayaking, abseiling and mountain biking

## Connectivity and getting around

### Public transport

Trains, trams and buses safely connect our campuses to the city and beach.

### Free shuttles

The University offers free shuttles between its Newcastle campuses, and shuttles from Newcastle Callaghan to nearby local shops.

### Newcastle Airport

Located 25km north of the city centre, with frequent direct flights to major Australian cities and upgrades to the international terminal due to be completed by early 2025.

Visit Newcastle.

# Central Coast

A beautiful region to undertake your studies, the Central Coast is a vibrant mix of urban hubs, beach towns and hinterland villages. Only an hour's drive from Newcastle or Sydney, uncover the many things to do, see and explore.

## Post-study work opportunities

are available in Australia after successful completion of study<sup>1</sup>

### Fast facts

1. The population of the Central Coast is approximately 351,934.<sup>2</sup>
2. There are approximately 19,692 tertiary students on the Central Coast.<sup>3</sup>
3. The average annual temperature is 19.4 degrees celsius.<sup>4</sup>
4. The Central Coast is the 6th largest urban area in Australia,<sup>5</sup> generating approximately \$19.79 billion per year.<sup>6</sup>
5. There are 41 beaches in the Central Coast area.<sup>5</sup>
6. One of Australia's first certified ECO Destinations, recognised as a world-class destination for sustainable, nature-based tourism.<sup>7</sup>

### Get exploring

These Central Coast towns have a lot to offer:

- Wyong - combining heritage and innovation, you will find good coffee and food, sport activities, hinterland adventures and local farmers markets
- The Entrance - bounded by water on three sides, experience pelicans, pubs and paddleboats
- Gosford - home to craft breweries, waterside bars, stadium, racecourse, open air swimming pool, cycling pathways, golf courses and tennis courts
- Terrigal - framed by a lagoon, the esplanade is home to the beach, boutiques, cafes, markets and bars
- Umina - patrolled beachside destination for locals and holidaymakers.

### Entertainment

There are many budget-friendly and free activities around the region for you to explore. Some include:

- Adventure to the hinterland, explore Somersby Falls, take a stroll down Terrigal Boardwalk or visit Central Coast Zoo
- Enjoy delicious food, fresh produce, art and design at various local farmers markets
- Swim at one of the many beautiful beaches or learn to surf at one of the many surf schools
- Browse through the waterfront boutiques or visit Westfield Tuggerah shopping centre.

The Entrance, Central Coast

## Job opportunities

The Central Coast is home to a growing number of industries, including construction, professional, scientific and technical services, beverage and food manufacturing, health care and social assistance and retail trade. Many of these industries offer part-time and full-time job opportunities.

## Food

Home to a variety of cafes, restaurants, bars and pubs, the Central Coast has a lot on offer. Some suggestions include<sup>8</sup>:

- Wyong - Duck Duck Moose cafe, Motel Mezza Social Bar or Ru's Rendezvous Chinese Restaurant
- The Entrance - Albie's Coffee Bar, Shahi Mahal (Indian), Fonziirelli Pizzeria (Italian) or Mi Cantina (Spanish)
- Gosford - Hotel Gosford, The Settler's Tavern, Lyon's Den (bar) or Peking Garden Chinese Restaurant
- Terrigal - Bellyfish Cafe, Terrigal Hotel, Il Toscano Pasta Bar (Italian) or The Grand Pavilion (Indian).

## Sport

Just like Newcastle, the Central Coast has a vibrant sports scene. Cheer on local football club the Central Coast Mariners, and stay fit yourself by joining one of the many casual sports teams. Cool off in beautiful pools and patrolled beaches, and take advantage of student discounts at NUSport gym located at our Ourimbah Campus.

Supporting over 140,478 jobs, home to over 351,934 residents, the Central Coast has a Gross Regional Product of **A\$19.79 billion<sup>6</sup>**

## Connectivity and getting around

### Public transport

Trains and buses safely connect our campuses to the local towns and beaches.

### Free shuttles

A free shuttle bus runs in the morning and afternoon between Ourimbah and Gosford campus.

### Newcastle and Sydney Airport

Two international airports connecting you to major cities within Australia or overseas destinations. It is only 61km to Sydney Airport or 83km to Newcastle Airport.

Love Central Coast.

# Sydney

Australia's largest city is 1.5 hours south of Newcastle. It is one of the world's most beautiful harbour cities. For international students, Sydney is a multicultural meeting place and a professional global environment.

## Entertainment

Here are some low-cost or free activities available throughout the year:

- Visit the stunning Sydney Opera House and Sydney Harbour Bridge
- Picnic at the beautiful Centennial Parklands or the Royal Botanic Garden Sydney
- Visit the cute and unique animals at Taronga Zoo, SEA LIFE Sydney Aquarium and WILD LIFE Sydney Zoo
- Vivid Sydney, the largest festival of light, music and ideas in the southern hemisphere, takes place during winter around the city and is a must-see.

## Food

Sydney has an amazing array of food on offer, from the cheap and tasty delights of Chinatown, or the outdoor street-food market Spice Alley in Chippendale, to the trendy new venues at Barangaroo, or something for everyone in Newtown.

Australians really love their coffee and prefer to support small independent cafes. Try Single O, Mecca Coffee or Regiment in the city<sup>1</sup>.

Image credit: Destination NSW.

## Fast facts

1. The population of Sydney is approximately 5.4 million people.<sup>2</sup>
3. Sydney's average temperature is 18 degrees celsius.<sup>3</sup>
4. Sydney has over 100 beaches within its city limits.<sup>4</sup>
5. Sydney airport is located 8km south of the City Centre.<sup>5</sup>
6. Sydney is Australia's largest economy, generating over \$138 billion per year.<sup>6</sup>

## Post-study work opportunities

are available in Australia after successful completion of study<sup>7</sup>

# Join us at #UniNewcastle

# Our campuses

Newcastle City campus, NUspace

Our friendly and secure campuses offer a range of innovative facilities for you to make the most of your study experience in Australia. You will learn from world-class educators, interact with local and international students and experience the Australian culture and way of life.

▶ Check out our campuses.

## Newcastle (City)

Situated in the city's bustling CBD, this campus provides integral links with industry for creativity, business, and law. Specialised labs and moot courts at our NUspace building will enrich your learning, while our I2N Hub at Q Building fosters innovation through entrepreneurship. Engage with leading experts at the Conservatorium of Music and utilise world-class recording studios. The campus is only a 10 minute walk from the iconic Newcastle harbour, offering a blend of urban and coastal living.

## Newcastle (Callaghan)

Nestled in a lush, natural setting, our Callaghan campus is a hub for STEMM, health, and engineering. With top hospitals and research institutes nearby, you will gain practical skills and network with industry leaders. The campus vibe is vibrant yet relaxed, perfect for focused study and leisure.

## 6 stars

First 6 Star Green Star  
'Design and As Built' rating in regional NSW  
- Q Building, Newcastle City campus<sup>1</sup>

<sup>1</sup> Green Building Council of Australia.

### Central Coast (Gosford)

Situated at Gosford Hospital, our Central Coast Clinical School is a nation-leading health, medicine and wellbeing teaching and education facility, operating alongside the Central Coast Research Institute. The campus offers immersive learning environments and strong local industry partnerships with the Central Coast Health District.

Located on Mann Street in the heart of Gosford, the new campus will offer modern educational facilities and versatile teaching and learning spaces. This campus is funded by the University of Newcastle, the Australian Government, and the NSW Government, with land provided by the NSW Government's Hunter and Central Coast Development Corporation.

### Central Coast (Ourimbah)

An hour's drive from Sydney or Newcastle, Ourimbah campus offers a range of study programs in a serene, natural setting. Whether you are into business, humanities or health sciences, you will enjoy a laid-back lifestyle close to beaches and forests.

### Sydney (City)

Located in the heart of Sydney's vibrant CBD, our campus offers cutting-edge postgraduate programs in IT, Business, and Accounting. The city's cosmopolitan lifestyle and iconic landmarks like the Sydney Opera House and Harbour Bridge are just around the corner.

# Practical learning

We believe a great learning environment should inspire you, excite you and prepare you to enter your chosen industry with the confidence and professional experience needed to stand out in the crowd.

Explore our leading-edge facilities, labs, simulators, collaboration zones and more when you study with us.

## 5 stars

maximum rating for learning resources<sup>1</sup>

### Nursing Simulation Labs

Our world-class nursing simulation labs offer students hands-on clinical experience that directly applies to their professional placements.

### Wind Tunnel Laboratory

Experience hands-on learning in our state-of-the-art Wind Tunnel Laboratory. Take part in the development of cutting-edge systems and processes for more efficient and viable utilisation of renewable energy sources.

<sup>1</sup> The Good Universities Guide 2022.

## Greater Bank Finance Lab

Explore our cutting-edge Greater Bank Finance Lab, equipped with a market simulator and workstations. It offers hands-on learning experiences for students in finance and accounting programs.

## Marketing Technology Lab

This dedicated space is designed to cultivate the skills of the next generation of marketing professionals.

## Surgical Skills Unit

Our purpose-built facility offers a range of state-of-the-art amenities, including wet and dry anatomy facilities, teaching labs, and group study areas. It is ideal for students in various medical sciences degrees.

## SimTeach

This virtual reality tool provides education students with realistic teaching experiences in a simulated environment.

# Build your career

Recognising the rapidly changing environment our students will be entering when they graduate, our education experience will prioritise activities that help develop life-ready graduates who are community-minded, resilient and ready for work.

**Every undergraduate student at the University of Newcastle will have an integrated work placement opportunity as part of their degree.**

Learn more about our Career Connect service.

"I used the Career Services for the completion of my job application letter and editing my resume.

The staff at the Career Services are super helpful and kind as they also conduct mock interviews to better prepare students for industry level interviews."

**Raheel, Fiji**

Bachelor of Renewable Energy Engineering (Honours)

## Career-ready placements

When you study at the University of Newcastle, you will have the opportunity to put theory into practice. Career-ready placements can take the form of clinical placements, professional work placements, practicums, internships, or industry-led projects. Make valuable connections, gain hands-on experience, and graduate work-ready.

## Develop practical skills

Industry work experience is not the only way you will gain practical skills. Access state-of-the-art facilities, simulation labs, virtual reality technology and work on real-world projects while you study.

## Career support

University services like Career Connect link you with over 100 extra-curricular experiences that will help you build additional skills that employers are looking for.

## Clubs and societies

Get involved with the clubs and societies across our campuses and develop your interpersonal and teamwork skills to stand out from other job candidates.

## Careers service

Whether it is career counselling, finding job opportunities, job application assistance or interview preparation, the University's Careers Service is here to help. You can also take advantage of CareerHub online, where employers post opportunities for graduate employment, part-time experience, and paid internships. Stay in touch with our Employability Consultants to help keep your career plans on track and your skills up to date.

## Connect with industry

There are so many ways to connect with industry and expand your networks while you study. Attend career exhibitions and industry events and meet graduate recruiters to help you transition into the professional world. Access networking opportunities such as iLEAD and make use of the University's strong partnerships with industry. Tap into the University's global alumni network and build relationships to elevate your career.

**Rafi, Indonesia**  
Bachelor of Business  
Career-Ready placement, Prosperity

"I completed my legal practice placement at the Hunter Community Legal Centre (HCLC). I was responsible for conducting initial interviews with clients, conducting research, and giving supervised advice to the client. Being able to actually apply what I have learnt has really prepared me to be a competent practitioner when I graduate."

**Grace, Hong Kong**  
Juris Doctor / Graduate  
Diploma in Legal Practice

## iLEAD

iLEAD is a globally-focused leadership program that connects you with local and national networks and experiences to accelerate your professional development and career readiness. Through carefully curated workshops, mentoring relationships and leadership experiences, you will develop a set of skills, traits and perspectives that will position you as a leader of tomorrow.

## Uni Crew student volunteering

Uni Crew is the University of Newcastle's student volunteering program. Volunteering provides opportunities to make new friends, create opportunities to diversify your university experience outside the classroom, as well as engage in a variety of activities, initiatives, and events on and off campus. You will develop employability skills that will provide invaluable as you branch out into the workforce. Once you complete a set number of hours, we will provide you with a reference.

## Part-time work opportunities

### Jobs on campus

Working at the University is a great way to earn money and develop your employability skills in a professional workplace. The Jobs on Campus page on the University website advertises a wide range of paid roles throughout the year, including retail and hospitality positions, student ambassadors, customer service assistants, content editors, graphic designers, and other entry-level opportunities.

### Finding work in Australia

The Finding Work in Australia program is aimed at supporting international students to develop self-awareness, identify opportunities and improve their employability in the Australian market. The program is delivered through a series of three workshops and accompanying online resources. If you join, you will also be invited to book an individual follow-up career consultation to discuss career goals and strategies.

# Leading industry collaboration

**Sarthak, India**

Bachelor of Mechatronics Engineering

# Living with us

Easing into university life is seamless at the University of Newcastle. Our dedicated support team is here to guide you through academic and social transitions. With a variety of regular events, you will quickly feel at home, whether you are living on or off campus.

**9 residences**  
**1800 beds**  
across 2 campuses

Find out more about  
accommodation options.

## Finding accommodation

We understand that securing accommodation in Australia has its challenges. That is why we have dedicated on-campus accommodation places for our commencing international students. We want to help take the stress and hassle out of finding accommodation, so you can concentrate on settling in, making new friends and commencing your studies.

## Living on campus

Student Living offers nine residences - eight at our Newcastle (Callaghan) campus and one at our Central Coast (Ourimbah) campus. When you live with us, you will join 1,800 students from around the globe in secure, affordable, and comfortable on-campus accommodation. Choose from self-contained apartments to dormitory style rooms, all with shared facilities like common rooms, cinema rooms and swimming pools, which bring our community together.

For our Callaghan residents, you have the option of choosing from catered living or self-catered rooms with communal kitchens. Regardless of which residence you choose, at Callaghan you are able to opt into hot cooked dinners seven nights a week through a meal plan.

### City Campus Student Accommodation

Currently under construction, the new City Campus Student Accommodation (Newcastle) will offer a variety of room types including micro studios, studios, twin apartments, and larger shared apartments. Each room/apartment will have kitchen and bathroom facilities (private or shared) and access to communal spaces. Residents will also enjoy access to an outdoor terrace, large, shared lounge area, common areas on each floor, and laundry and dining facilities. This new building will offer students a contemporary city living option, complementing the existing Student Living offering at Callaghan and Ourimbah Campuses. The building will be operational by the end of 2026.

## Off-campus accommodation support

The University has a dedicated off-campus Accommodation Support Officer to help any student with the sourcing and securing of safe and appropriate short and long-term off-campus accommodation.

## Homestay

The Australian Homestay Network is our preferred provider for our students. Homestay is an excellent option for living with local families in a home environment. Your host family provides not only accommodation, a furnished room, and daily meals, but also a great opportunity to practise your language skills and can help ease the transition into Australia and Newcastle.

"Living on campus in such a diverse environment has greatly enriched my experience abroad. Through weekly social events and gatherings, I have made friends from various cultural backgrounds and created many unforgettable memories—it is truly amazing."

Ruiping, China  
Bachelor of Business, 2024

## Benefits of living on campus

### Award winning

2019 Excellence in Customer Service Award<sup>1</sup>  
2022 Excellence in Sustainable Development Goals<sup>1</sup>  
2023 Michael O'Leary Award for Innovation<sup>1</sup>

24 hours / 7 days a week security on site and free security shuttle

### Leadership opportunities

We employ at least 60 students every year through Student Living

### Health and wellbeing support

Counselling, access to a dedicated mental health clinician, after-hours support and wellbeing resources

### ResLife program

Award-winning program connecting our vibrant community through holistic educational, social development, and fun events and activities<sup>2</sup>

### Study support

Dedicated study spaces and access to mentor-run sessions

### Residential mentors

Support from fellow students living on campus

### 3 types of living environments

Single gender - same gender living  
Lifestyle - a quieter environment to maximise your study time  
General - standard living

<sup>1</sup> Asia-Pacific Student Accommodation Association (APSAA).

<sup>2</sup> Excellence in Student Experience 2016, Asia-Pacific Student Accommodation Association (APSAA).

# Cost of living

Before granting a student visa, the Australian Government Department of Home Affairs will require you to show or declare that you have enough funds to pay for your expenses while in Australia.

The Australian Government requires that international students have a minimum of A\$29,710 to stay in Australia for 12 months.<sup>1</sup>

Find out more about living and studying in Australia.

## How does Newcastle compare with Sydney, Melbourne or Brisbane?

The good news is that Newcastle is more affordable when compared with other Australian capital cities across categories including groceries, leisure activities and accommodation\*.

**For accommodation, Newcastle is:**

**39%** cheaper than Sydney

**13.8%** cheaper than Melbourne

**13.2%** cheaper than Brisbane

\*Prices sourced from Cost of Living comparisons at **Numbeo 2024**

"I found that living in Newcastle has a lower cost compared to other areas like Sydney. Food and public transport does not cost me much. Everything here is very affordable."

Tommy, Vietnam

1. The Department of Home Affairs has financial requirements that international students must meet in order to receive a student visa for Australia. As of May 2024 the 12-month living costs are: A\$29,710 for students and guardians, A\$10,394 for partners coming with you and A\$4,449 for a child coming with you.

<sup>^</sup> Transportation costs will vary depending on actual distance from accommodation to campus. The costs above represent a range depending on individual living preferences or location (Newcastle, Central Coast, or Sydney). More detailed accommodation information is available via QR code. All costs above are in AUD and are provided as a guide only. On-campus costs are based on 2024 rates and for a standard stay contract. These are subject to change. For the most up-to-date fees, please visit our website.

\* Homestay for other campuses available and fees vary. Students with special dietary requirements may be charged a fee to cover the additional costs to hosts.

# Your University community

## Ease into university life

### Before you arrive

Stay updated on Australian travel and visa rules through our website.

### Airport transfers

New international students can take advantage of our free transfers from Newcastle and Sydney airports to your first accommodation. For a seamless journey, consider flying via Brisbane or Melbourne to Newcastle.

### Orientation

Make sure you arrive in time for Welcome Week - our comprehensive orientation program. It covers visa guidance, degree information and study tips and socialising.

What you need to know before you arrive at one of our campuses.

## Meet new people

Get involved in our vibrant community with over 100 clubs and societies. Whether you are into academics, charity, or sports, there's something for everyone:

**Academic clubs:** enhance your studies.

**Charity and philanthropy clubs:** make a difference.

**Cultural clubs:** celebrate global diversity.

**Fun, social and special interest clubs:** just for fun!

**Political and social justice clubs:** advocate for change.

**Spiritual and philosophical clubs:** explore beliefs.

**Sporting and exercise clubs:** 25+ sports at NUsport.

## Campus amenities and services

### University of Newcastle Student Association (UNSA)

Your go-to for both academic and social needs, offering workshops, social events, and a special International Students' Senate.

### Libraries

More than just books, our libraries are open 24/7 and offer a variety of study spaces, whether you prefer group collaboration or quiet study.

### Safety

We prioritise your safety with 24-hour security across all campuses and a free security shuttle service. International students can also access an after-hours hotline for added security.

### Accessibility

Our campuses are designed to be inclusive, offering a range of services to accommodate students with disabilities or medical conditions.

### Getting around

Navigate easily between campuses with our free shuttle services. All campuses are also well-connected to local public transport, and bike hubs are available for cycling enthusiasts.

### Student Central

Your first point of contact for any university-related questions, from academic guidance to event information. They are here to help you make the most of your university life.

## Student support

We offer a comprehensive range of support services designed to meet the diverse needs of all our students, whether you are under 18, identify as LGBTQIA+, are Indigenous, have joined us from overseas, or are just down the road - we are here to help.

### Academic support

Student Central is your go-to for enrolment, academic progress, and visa information. Our Learning Advisors offer workshops and resources to enhance your study skills, including English language support.

### Peer support

Join Peer Assisted Study Sessions (PASS) to collaborate with classmates either face-to-face or online.

### NUMates

Find friends and build community when you join our NUMates program, a social group specifically for international students.

### Health and wellbeing support

Medical centres are available at the Newcastle and Central Coast campuses, as well as additional services like pharmacies and physiotherapy clinics. Free counselling is also available, including online options for Sydney and Singapore.

Learn more about support on campus.

### International student support

Our specialised team offers comprehensive services to support international students academically, socially, and pastorally. Scan the QR code below for more information.

### Religious support

Our Chaplaincy team offers spiritual care across various faiths, with prayer facilities available on all campuses.

### Career assistance

The Careers Service provides workshops, practise interviews, and resume updates to prepare you for your future career. Our Career Connect program offers experiential learning opportunities to help you transition into the workforce.

"I started my study experience with a three-week orientation under Academic Support, and the tips I picked up were invaluable to my life as a student."

Angela, Philippines

Master of Social Change and Development

# International scholarships

At the University of Newcastle, we are proud to offer students affordable tuition fees alongside competitive scholarships to support your studies. Scholarship value depends on your length of study and chosen degree.

Our scholarships assist in reducing the cost of tuition, making the University of Newcastle one of the more affordable options to study in Australia.

Find out more  
about scholarships.

## Scholarships Available

to help reduce the cost of tuition

"The scholarship's financial help relieves the pressure of tuition and living expenditures, allowing me to focus only on my academics without the extra stress of financial restraints. This financial assistance not only alleviates immediate financial concerns, but it also provides access to possibilities that might otherwise be unavailable."

Areeb, Pakistan

Master of Professional Engineering (Civil)

# Global impact starts with you

At the University of Newcastle, you are not just earning a degree; you are contributing to global change in a positive way.

We are the only Australian university with a UNITAR certified International Training Centre for Authorities and Leaders (CIFAL).<sup>1</sup>

Our unique affiliation with CIFAL Newcastle allows you to study courses that are directly aligned with the United Nations Sustainable Development Goals (SDGs), addressing the world's most pressing challenges. Upon completion, you will receive a UNITAR certificate, making you a globally recognised change-maker.

CIFAL Newcastle is one of 31 UN-affiliated training centres worldwide, offering specialised training and leadership programs not just for students, but also for professionals, government officials, and community members.

The University of Newcastle has ranked in the top 40 universities globally overall, and in the top 25 for five out of 17 SDG categories, including ranking fourth in the world for Clean Water and Sanitation (SDG6), and ninth for Climate Action (SDG13).

Find out more about  
CIFAL Newcastle.

## Ranked 4

University globally in SDG 6

# Your pathway to success

Unlock your academic potential at the University of Newcastle's College of International Education. We offer seamless pathways to over 130 degree programs, combining preparatory and degree courses. Accept an offer for a simplified journey with a unified electronic Confirmation of Enrolment (eCOE).

### Foundation Studies

Prepare for university life in just 8 or 12 months.\* Gain access to a wide range of undergraduate degrees.

### Foundation Studies in Medicine

A unique pathway into our Joint Medical Program#. Meet specific criteria, and you are in!

### Express Preparation Program

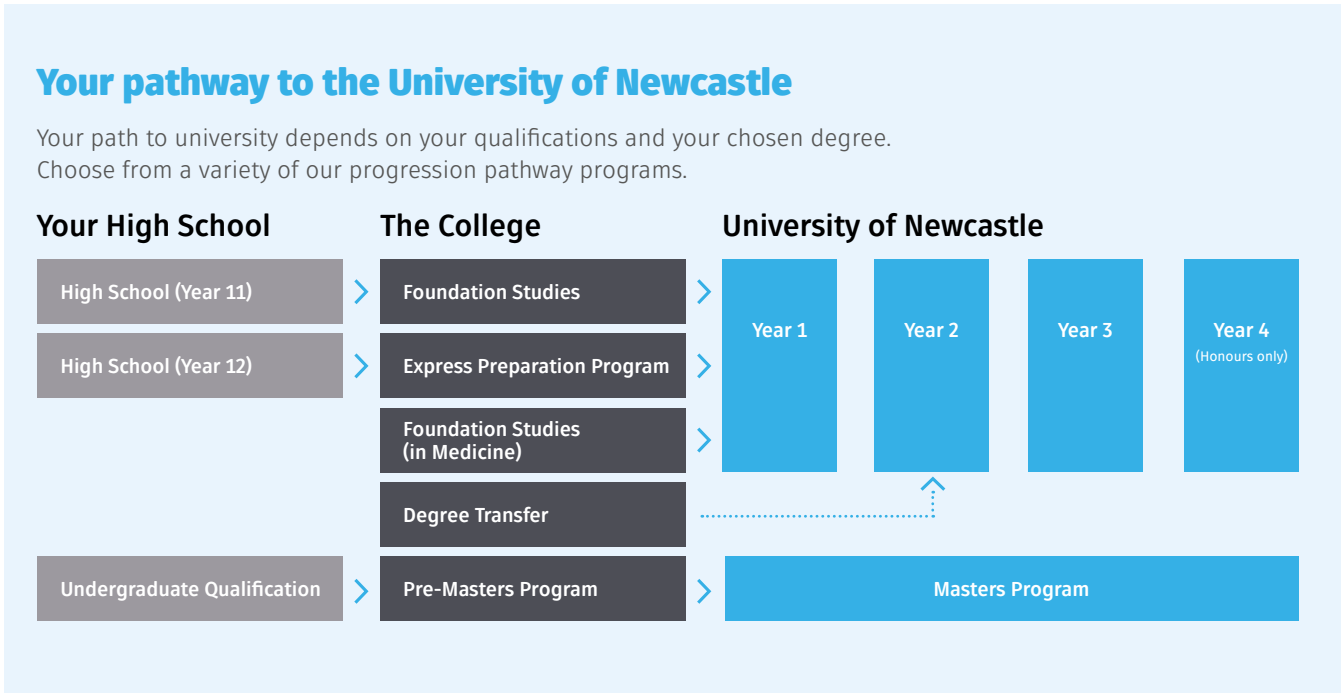

Progress to almost all Bachelor degrees after just one, four-month trimester.

### Degree Transfer Programs

Your pathway to your second year of your bachelor's degree. Specialised programs in Business, Commerce, Communication, Computer Science, Engineering, IT, Architecture, and Construction Management.

### Pre-Masters Program

Get a head-start on your postgraduate degree. After either one or two trimesters (depending on your qualifications), progress to a range of Masters programs in Business or IT with credit for three courses.

\* The minimum duration is subject to meeting standard progression requirements for the program of study.  
# Entry to the Joint Medical Program is not automatically guaranteed and there are limited places available for admission to this program.

# English Language Pathways

The University of Newcastle's English Language Pathways specialise in teaching English and Academic Skills to students from all over the world. Our English Language Bridging Program (ELBP) is the perfect first step.

Designed to enhance your English proficiency, this program serves as a direct entry pathway to your chosen degree. With courses and new intakes every five weeks, you can start when it suits you best. Available at Callaghan campus, the program offers a comprehensive and convenient way to meet your English language requirements. The cost of the program for 2026 is A\$545 per week with a A\$125 one-off enrolment fee.

Find out more information about our English Language Bridging Program.

## No. 1

in Australia for overall satisfaction<sup>1</sup>

## 20 hours

of English language tuition per week

To improve her English skills, Anna enrolled in the English Language Bridging Program (ELBP). She credits ELBP with boosting her confidence in her studies, not only by improving her English skills but also by enhancing her academic abilities, such as taking notes in lectures, reading articles, giving presentations, and writing essays.

"I joined the Speed Conversation classes and Pronunciation workshop. These classes allowed me to practice speaking more with friends from other countries and native speakers who led the sessions. They corrected my words and taught me common expressions."

Anna, Laos

Master of Social Change and Development

# Alumni around the world

Students from all over the world come to study at the University of Newcastle. Our alumni go on to make a real global impact.

The education we provide prepares you for a rewarding career through innovative and engaging degree programs, relevant practical experience and opportunities to grow your professional networks with people from countries around the globe.

When you graduate from the University of Newcastle, you will be ready to achieve your goals and find success – either here in Australia, in your own community, or even in an entirely new part of the world.

Find out more about our alumni.

# Accelerated degree options available based on individual student backgrounds.

\* This program is an honours only program. Please visit the University website for admission requirements.

\* End-on Honours is a separate and additional year of study following the completion of a bachelor degree. This is a very different experience to the earlier years of study. There are fewer formal classes and more individual work. Honours can be course work based, research based, or a combination of the two. Admission requirements for End-On Honours vary by program, but often require a minimum GPA.

> Depending upon admission qualification - duration of program will alter.

## Business and Management

Develop strategic problem-solving skills and prepare for leadership roles in a global context. Our programs offer practical experience across diverse fields such as business, finance, human resources, and marketing.

Our Business School is in the top 4 business schools in NSW, accredited by both EQUIS and AACSB.

"The Business Intelligence course I took at the University of Newcastle profoundly impacted my professional capabilities. It equipped me with advanced skills in data analysis, visualization, and strategic thinking—skills that are crucial in my role as a Graduate Data Analyst at Advitech Pty Limited. This course taught me how to effectively interpret large datasets and transform them into actionable insights, which has been essential in delivering high-quality projects that drive strategic decisions for our clients."

Jiaming, China

Master of Information Technology

## Bachelor of Computer Science

<b>CRICOS code</b>	001604G
<b>Duration</b>	3 years full-time
<b>Locations</b>	Newcastle – Callaghan
<b>Indicative annual fee</b>	2025 A\$41,435 2026 A\$43,921
<b>IELTS</b>	IELTS overall minimum – 6.0 IELTS section minimum – 6.0
<b>Intake</b>	S1, S2

### Course overview

The Bachelor of Computer Science produces innovative and resourceful computer scientists who are experts at complex problem solving. They work across fields such as artificial intelligence, robotics, computer graphics, digital forensics, health informatics, web development, cryptography and data security.

### What you will study

You can specialise in Artificial Intelligence, Cyber Security or Software Development. Develop skills in the following areas:

- Algorithmic problem solving
- Artificial intelligence and machine learning
- Cloud computing
- Computer networks and distributed systems
- Computer vision and graphics
- Database and information systems
- Game design and production
- Human computer interaction
- Programming and software development
- System and network security
- Web system development

### Practical experience

Up to 250 hours of mandatory career-ready placements.

### Professional recognition

Accredited by the Australian Computer Society.

### Career opportunities/outcomes

Some typical positions include:

- Application Development Manager
- Business Intelligence Director
- Computer Software Program Manager
- Cyber Security Advisor
- Data Scientist
- Games Developer
- Security Architect
- Software Architect

### Combine this degree with:

- Bachelor of Computer Systems Engineering (Honours)
- Bachelor of Data Science

**World Top 200**  
for computer science<sup>1</sup>

## Master of Cyber Security

<b>CRICOS code</b>	0100135
<b>Duration</b>	2 years full-time Accelerated options available
<b>Locations</b>	Newcastle – Callaghan
<b>Indicative annual fee</b>	2025 A\$45,925 2026 A\$48,681
<b>IELTS</b>	IELTS overall minimum – 6.5 IELTS section minimum – 6.0
<b>Intakes</b>	S1, S2

### Course overview

This program is designed to provide you with a working knowledge of important security techniques and expertise needed for designing secure systems, security standards for their application to real-world problems as well as techniques and tools that can be used to exploit security vulnerabilities and threats in systems and networks and how cyberattacks can be counteracted.

### What you will study

You will gain extensive knowledge in the areas of cyber systems and infrastructures and their applications. Develop skills in:

- Data security techniques
- Human factors in cyber security
- Internet law
- Managing complex systems
- Security attacks – analysis and mitigation strategies
- Security standards and best practices in industry
- System and network security

Personalise your study with the choice of two distinct specialisations – Cyber Security Engineer or Cyber Security Analyst. Graduate Certificate pathway available.

### Practical experience

Students complete a 1-year project in cyber security. This can be done via career-ready placement or in collaboration with industry.

### Career opportunities/outcomes

Career examples include:

- Cryptographer
- Cyber Security Analyst
- Cyber Security Architect
- DevOps Engineer
- Network Engineer
- Security Consultant

## Bachelor of Chemical Engineering (Honours)

<b>CRICOS code</b>	111298J
<b>Duration</b>	4 years full-time
<b>Location</b>	Newcastle – Callaghan
<b>Indicative annual fee</b>	2025 A\$44,005 2026 A\$46,645
<b>IELTS</b>	IELTS overall minimum – 6.0 IELTS section minimum – 6.0
<b>Intake</b>	S1, S2

### Course overview

As a Chemical Engineer, you will apply the fundamental principles of physics and chemistry to analyse and design processes, plants, and control systems for productivity, safety and sustainability. Study at one of only three Australian member institutions of the Global Engineering Education Exchange Program (Global e3).

### What you will study

Build critical technical engineering skills in:

- Automatic control systems
- Fluid mechanics
- Green engineering and sustainability processes
- Heat transfer and design of energy systems
- Kinetics and reaction engineering
- Mass transfer and separation processes
- Process safety
- Thermodynamics

### Practical experience

12-week mandatory professional placement.

### Professional recognition

Professional recognition through Engineers Australia and the Washington Accord qualifies you as a professional engineer.

### Career opportunities/outcomes

Typical positions include:

- Biotechnology Engineer
- Chemical Safety Manager
- Environmental Remediation Engineer
- Manufacturing Engineer
- Mineral Processing Engineer
- Nuclear Engineer
- Water Treatment Designer

<b>IELTS</b>	IELTS overall minimum – 6.0 IELTS section minimum – 6.0
<b>Intake</b>	S1, S2

### Course overview

With a Bachelor of Computer Systems Engineering (Honours), you might find yourself developing advanced computing hardware and software for diverse industrial sectors including intelligent transport, mining and energy, telecommunications, e-health, space and aviation, and civic infrastructure, which are the building blocks of modern society.

### What you will study

Build critical technical engineering skills in:

- Communication networks
- Computer and electrical engineering
- Cyber security
- Electronics design
- Embedded systems
- The internet of things
- Programmable logic design
- Software engineering

### Practical experience

12-week mandatory professional placement.

### Professional recognition

Professional recognition through Engineers Australia and the Washington Accord qualifies you as a professional engineer.

### Career opportunities/outcomes

Typical positions include:

- AI Engineer
- Cloud Computing Engineer
- Computer Systems Engineer
- Cybersecurity Specialist
- Electronics And Embedded Systems Engineer
- ICT Senior Manager
- ICT Solution Architect

### Course overview

The Bachelor of Mechatronics Engineering (Honours) focuses on the synergy of electrical, computer and mechanical technologies that lead to new solutions to industrial problems. You might build robots or unmanned aircraft, design bionic implants or even energy harvesting equipment. Study at one of only three Australian member institutions of the Global Engineering Education Exchange Program (Global e3).

### What you will study

Build critical technical and engineering skills in:

- Autonomous systems
- Electronic design
- Mechatronics design
- Microprocessor systems
- Modelling and simulation
- Sensors and actuators

### Practical experience

12-week mandatory professional placement.

### Professional recognition

Professional recognition through Engineers Australia and the Washington Accord qualifies you as a professional engineer.

### Career opportunities/outcomes

Some typical positions include:

- Avionics Engineer
- Data Communications Engineer
- Industrial Automation Engineer
- Robotics Designer
- Smart Infrastructure Designer

### Combine this degree with:

- Bachelor of Aerospace Systems Engineering (Honours)
- Bachelor of Electrical and Electronic Engineering (Honours)

Duration	4 years full-time
Locations	Newcastle – Callaghan
Indicative annual fee	2025 A\$43,635 2026 A\$46,253
IELTS	IELTS overall minimum – 6.0 IELTS section minimum – 6.0
Intake	S1, S2

### Course overview

A degree in medical engineering allows you to combine your interest in health and medicine with creativity and problem-solving to address health care challenges. Study at one of only three Australian member institutions of the Global Engineering Education Exchange Program (Global e3).

### What you will study

Major in either Medical Biomechanics or Medical Devices. Build critical medical and engineering skills through courses in:

- Analog and digital communications
- Electrical engineering design
- Human pathophysiology
- Neurobiology
- Pharmacology
- Programming and computing

### Practical experience

12-week mandatory professional placement.

### Professional recognition

This program has been granted provisional accreditation through Engineers Australia, with full accreditation expected in November 2024.

### Career opportunities/outcomes:

Medical engineers are involved with the design, development, testing and implementation of technological solutions for the health and medicine industry.

You could work with:

- Artificial organs
- Biomedical devices
- Diagnostic equipment
- Dialysis equipment
- Implantable devices
- Nanotechnology drug delivery
- Prosthetic limbs
- Radiotherapy equipment
- Rehabilitation systems
- Surgical equipment
- Systems and diagnostic tests

Bachelor of  
Software Engineering (Honours)

CRICOS code	111380D
Duration	4 years full-time
Locations	Newcastle – Callaghan
Indicative annual fee	2025 A\$41,905 2026 A\$44,419
IELTS	IELTS overall minimum – 6.0 IELTS section minimum – 6.0
Intake	S1, S2

#### Course overview

With the Bachelor of Software Engineering (Honours), you might develop software for web applications, digital health, digital forensics, work in defence, combat cyber-attacks or many other domains. Software engineers focus on analysing clients' needs, design high-quality software solutions, develop, integrate and test solutions to meet client requirements.

#### What you will study

You will have the opportunity to develop your software engineering skills by working on real world projects with industry clients. Build critical technical and engineering skills in:

- Database management systems
- Enterprise software architecture
- Programming languages and paradigms
- Software architecture and quality management
- Software development

#### Practical experience

12-week mandatory professional placement.

#### Professional recognition

Professional recognition through Engineers Australia and the Australian Computer Society means graduates will be qualified and recognised as professional engineers globally.

#### Career opportunities/outcomes

Some typical positions include:

- Applications Software Developer
- DevOps Engineer
- Enterprise Architect
- Software Development Manager
- Software Engineer
- Web Developer/Engineer

## Master of Professional Engineering (Civil)

CRICOS code	113848A
Duration	2 years full-time
Locations	Newcastle – Callaghan
Indicative annual fee	2025 A\$47,785 2026 A\$50,652
IELTS	IELTS overall minimum – 6.5 IELTS section minimum – 6.0
Intake	S1, S2

### Course overview

The Master of Professional Engineering (Civil) will help you develop the strategic and technical skills required to help build the physical infrastructure that enables our societies to thrive and grow. You will deepen your technical knowledge in your area of specialisation, learn about engineering practice in the Australian context and develop professional skills in project management and complex problem solving.

### What you will study

You will complete a year-long advanced civil engineering project and gain skills in:

- Geotechnical and geo-environmental engineering
- Hydrology and water engineering
- Land surface process and management
- Structural engineering design
- Transportation

### Practical experience

Opportunities available.

### Professional recognition

This program has been granted provisional accreditation with Engineers Australia and the Washington Accord.

### Career opportunities/outcomes

Civil engineers work for:

- Construction companies
- Consulting firms
- Governments
- Transport companies

A Master of Professional Engineering can empower you to take on a leadership role, start your own business or manage major engineering projects.

## Master of Professional Engineering (Electrical and Electronic)

49

CRICOS code	113849M
Duration	2 years full-time
Locations	Newcastle – Callaghan
Indicative annual fee	2025 A\$48,095 2026 A\$50,981
IELTS	IELTS overall minimum – 6.5 IELTS section minimum – 6.0
Intake	S1, S2

### Course overview

This program will help you develop management expertise, specialise and deepen your technical skills and be equipped to lead projects and move into more senior roles. Gain advanced capabilities in emerging electrical engineering technologies, which are currently transforming modern society.

### What you will study

During your degree, you can choose a major project that is focused on design or research. You will have the opportunity to diversify your engineering expertise in:

- Advanced telecommunication
- Control systems design and automation
- Digital and electronic design
- Electric drives and highly efficient power utilisation
- Power electronics
- Renewable energy integration

### Practical experience

Opportunities available.

### Professional recognition

This program has been granted provisional accreditation with Engineers Australia and the Washington Accord.

### Career opportunities/outcomes

Electrical engineers are employed in:

- Automotive industry and transport
- Control instruments and automation
- Electronic design and development
- IT and telecommunications
- Management and consulting
- Manufacturing and construction
- Power and utilities

This program will open up diverse career opportunities, empowering you to take on a leadership role, start your own business or manage major projects.

## World Top 150

for Civil and Structural Engineering<sup>1</sup>

## Ranked 1

in Australia and 22 in the world  
for Automation and Control<sup>2</sup>

Master of Professional Engineering (Geospatial Engineering and Surveying)

CRICOS code	092850G
Duration	2 years full-time Accelerated options available
Locations	Newcastle – Callaghan
Indicative annual fee	2025 A\$46,265 2026 A\$49,041
IELTS	IELTS overall minimum – 6.5 IELTS section minimum – 6.0
Intake	S1, S2

Course overview

If you are looking to launch or advance your career in the field of surveying and spatial information, this program will help you develop management expertise, specialise and deepen your technical skills and be equipped to lead projects and move into more senior roles.

What you will study

You will be educated with the courses in general engineering management and the specialised courses with advanced technology including:

- Airborne and satellite platforms, applied to problems in natural and built environments
- Global navigation satellite system (GNSS) aka GPS
- Laser scanning and LiDAR
- Photogrammetry on the ground

Practical experience

Opportunities available.

Career opportunities/outcomes

Geospatial engineers work on different projects across a number of different environments, including industries like:

- Construction
- Environmental management and transportation
- Geodesy and space (defence) research
- Land surveying
- Mining surveying
- Remote sensing

Master of Professional Engineering (Mechanical)

CRICOS code	113850G
Duration	2 years full-time
Locations	Newcastle – Callaghan
Indicative annual fee	2025 A\$47,150 2026 A\$49,979
IELTS	IELTS overall minimum – 6.5 IELTS section minimum – 6.0
Intake	S1, S2

Course overview

Specialise your technical skills and develop the professional attributes to provide innovative solutions to society's needs. You will gain project management and complex problem-solving skills and learn how to apply design thinking and systems engineering principles.

What you will study

You can choose a major project that is focused on either design or research. Take advanced mechanical engineering courses in:

- Bulk materials handling and transport
- Computer aided engineering and manufacturing
- Dynamics of machines
- Engineering computations
- Engineering economic analysis
- Fluid mechanics
- Materials science and engineering
- Mechanical engineering design
- Mechanics of solids and heat transfer
- Renewable energy conversion

Practical experience

Opportunities available.

Professional recognition

This program has been granted provisional accreditation with Engineers Australia and the Washington Accord.

Career opportunities/outcomes

Mechanical engineers are needed in industries such as: medical, transport, automotive, aerospace, electronics, and mining industries, and in growth sectors like renewable energy, robotics, automation and advanced manufacturing.

## Bachelor of Biomedical Science

<b>CRICOS code</b>	023110D
<b>Duration</b>	3 yrs FT
<b>Locations</b>	Newcastle – Callaghan
<b>Indicative annual fee</b>	2025 A\$46,110 2026 A\$48,877
<b>IELTS</b>	IELTS overall minimum - 6.0 IELTS section minimum - 6.0
<b>Intake</b>	S1

### Course overview

As a medical researcher, you can help develop life-saving advancements against disease or contribute to science using groundbreaking medical innovations to solve real-world problems. Hone your skills using the highest quality equipment in our innovative laboratories.

### What you will study

- Anatomy
- Biochemistry
- Cellular and molecular biology
- Experimental design and analysis
- Immunology and microbiology
- Medical genetics
- Neuroscience
- Pharmacology
- Physiology

Choose from electives in your third year of study to prepare you for a career in medical research, laboratory medicine or a clinical health profession.

### Practical experience

Opportunities are available in a wide range of biomedical science career paths. You will gain experience and skills on campus in our world-class, medical science precinct including specialised laboratory spaces.

### Career opportunities/outcomes

Some typical roles include:

- Clinical Research Coordinator
- Geneticist/Genetic Counsellor
- Laboratory Scientist
- Pharmaceutical Scientist
- Reproductive Medicine/IVF Specialist
- Science Educator

## Bachelor of Medical Science and Doctor of Medicine (Joint Medical Program)

<b>CRICOS code</b>	082394J
<b>Duration</b>	5 yrs FT
<b>Locations</b>	Newcastle – Callaghan Gosford – Central Coast Clinical School
<b>Indicative annual fee</b>	2025 A\$84,976 2026 A\$90,075
<b>IELTS</b>	IELTS overall minimum - 7.0 IELTS section minimum - 7.0
<b>Intake</b>	S1

### Course overview

Graduate in five years with two qualifications. You will graduate having obtained the medical expertise and professional skills to help maintain and promote individual and community health in Australia and around the world. The Joint Medical Program is offered by the University of Newcastle in partnership with the University of New England and Hunter New England Local Health District and Central Coast Local Health District.

### What you will study

This five-year program combines the Bachelor of Medical Science and Doctor of Medicine, studied in that sequence. The Bachelor of Medical Science is completed in the first three years. This program is designed to be a staged transition from campus based learning to more practical learning in clinical settings. The last three years of the program progressively focus on applying biomedical knowledge and clinical skills in placements.

### Practical experience

You will complete mandatory placements in urban and rural clinical settings which commence in the early years and are ongoing throughout the entire five years.

### Professional recognition

On successful completion, graduates are eligible for provisional registration with the Medical Board of Australia under the Australian Health Practitioner Regulation Agency (AHPRA). A period of accredited intern training is then required before general registration as a medical practitioner.

### Career opportunities/outcomes

Following completion of an intern year, a wide range of roles are possible with further postgraduate training.

Typical graduate roles include:

- Anaesthetist
- Dermatologist
- Diagnostic specialist, e.g. Radiologist, Pathologist
- Emergency Doctor
- General Practitioner (GP)
- Intensive Care Doctor
- Medical Administrator, Educator or Researcher
- Medical Specialist

Note: Additional selection requirements apply, including undertaking the UCAT ANZ in the year prior to entry and an interview.

## Bachelor of Nursing

<b>CRICOS code</b>	106657M
<b>Duration</b>	3 yrs FT
<b>Locations</b>	Newcastle – Callaghan Gosford – Central Coast Clinical School
<b>Indicative annual fee</b>	2025 A\$41,710 2026 A\$44,213
<b>IELTS</b>	IELTS overall minimum - 7.0 IELTS section minimum - 7.0
<b>Intake</b>	S1

### Course overview

This degree mixes face-to-face and online learning with plenty of hands-on nursing experience in simulated learning environments. Students have the option to study at our state-of-the-art Central Coast Clinical School, our nation-leading medical, nursing and midwifery teaching and education facility.

### What you will study

- Health promotion
- Medical and surgical nursing
- Aged care
- Mental health
- Bioscience

You will complete 800 hours of compulsory clinical placements in a variety of settings from medical-surgical facilities, acute care, mental health settings to aged care and rural and remote health facilities.

### Professional recognition

Nursing graduates are eligible to apply for registration with the Nursing and Midwifery Board of Australia, under the Australian Health Practitioner Regulation Agency (AHPRA).

### Career opportunities/outcomes

Registered nurses can have careers in diverse areas such as aged care, mental health, community health, critical care, intensive care, oncology, operating theatres and paediatrics.

Career progression roles include:

- Clinical Nurse Consultant
- Clinical Nurse Specialist
- Nurse Educator
- Nurse Manager
- Nurse Practitioner
- Nurse Researcher

**Top 38**

## Master of Nursing

55

<b>CRICOS code</b>	097897G
<b>Duration</b>	1 yrs FT
<b>Locations</b>	Newcastle – Callaghan
<b>Indicative annual fee</b>	2025 A\$44,905 2026 A\$47,599
<b>IELTS</b>	IELTS overall minimum - 6.5 IELTS section minimum - 6.0
<b>Intake</b>	T1, T2, T3

### Course overview

This degree will enhance your skills in professional leadership, clinical education, healthcare improvement, research, and evidence-based practice. You will engage in discussions with nurses from all around the world to share strategies, change practice and help improve global healthcare.

### What you will study

Key study areas include:

- Contemporary nursing
- Knowledge translation in healthcare
- Introduction to research in healthcare

To help you achieve your best career outcome, you can choose to do a generic Master of Nursing or focus your learning by choosing from one of seven specialisations:

- Acute and critical care
- Advanced practice
- Chronic disease and ageing
- Clinical education
- Healthcare improvement
- Leadership and management
- Research

### Career opportunities/outcomes

Prospective career paths may include:

- Clinical Nurse Specialist
- Clinical Research Nurse
- Clinical Nurse Consultant
- Clinical Nurse Educator
- Clinical Facilitator
- Nurse Unit Manager
- Academic

<sup>1</sup> QS World University Rankings by Subject 2024. <sup>2</sup> Student Experience Survey 2021 and 2022.

<sup>3</sup> QS World University Rankings 2025.

# Accelerated degree options available based on individual student backgrounds.

\* This program is an honours only program. Please visit the University website for admission requirements.

\* End-on Honours is a separate and additional year of study following the completion of a bachelor degree. This is a very different experience to the earlier years of study. There are fewer formal classes and more individual work. Honours can be course work based, research based, or a combination of the two. Admission requirements for End-On Honours vary by program, but often require a minimum GPA.

> Depending upon admission qualification - duration of program will alter.

# Law

Ignite your passion for justice and advocate for legal rights on local, national, and global scales.

Gain practical legal training and supervised clinical experience for a fulfilling career in Australia.

## 89.6%

of undergraduate Law and Paralegal Studies graduates found employment within four months<sup>1</sup>

## Top 200

in the world for Law<sup>2</sup>

## 5 years

At the School of Law and Justice, Australia's leading clinical law school, you can become a fully qualified lawyer in 5 years of full-time study.

Visit this study area.

# Academic entry requirements

## Minimum academic entry requirements

There are minimum academic entry requirements to the University of Newcastle by level of study. These vary by country and program. If your country or qualification is not listed in the table below, visit our website and select the degree you are interested in studying and the country you have completed a qualification from to see applicable qualifications, required score and calculation methods.

Scan the QR code to find out more.

## The College of International Education (CIE)

For those who do not meet the academic requirement for direct entry, the CIE offers pathway opportunities to our degrees in a supportive environment designed especially for international students.

Please refer to CIE for academic entry requirements for qualifications from the countries:

- Bangladesh - High School Certificate
- Japan - Japanese Upper Secondary School Graduation Diploma
- Mongolia - Certificate of Complete Secondary Education
- Nigeria - West African Senior School Certificate or Nigerian Senior School Certificate
- Pakistan - Pakistani Higher Secondary School/ Intermediate Certificate
- Saudi Arabia - General Secondary Education Certificate
- South Korea - Korea Republic Senior High School Diploma

Scan the QR code to find out more.

# How to apply

It is recommended that you submit your application as early as possible before your intended semester or trimester start date. Late applications may be considered for the next available intake. Follow these easy steps to start your journey at the University of Newcastle.

## 1

### Find your agent

The University of Newcastle has a list of education agents that are located around the world and are able to assist you with your application.

Scan QR code.

Students from some regions are required to lodge their applications via education agents as direct applications will not be accepted.

## 2

### Program handbook

Check out the program handbook for your preferred degree.

## 3

### Review what you need to apply

Scan QR code.

## 4

Check key dates

## 5

### Register on the portal and complete the online form.

If applying without an agent, upload coloured copies of all supporting documentation.

## 6

### Assessment

Your application will be assessed to determine if you meet the academic, English proficiency and any other relevant requirements for admission to the University and your desired program.

### Outcome

You will be notified of the outcome of your application via email. If your application is successful, you will receive an offer letter from the University.

## 7

**Conditional offer letter** – upload the outstanding documents on the action item to meet the conditions of your offer.

**Unconditional offer letter** – Accept in the portal and upload your signed offer of acceptance, evidence of insurance (OSHC) if required and pay the deposit using the link on your offer.

## 8

### Acceptance email

An email confirming your acceptance will be sent to you if applying directly, with instructions on the next steps to activate your student account. This email will contain a Confirmation of Enrolment (CoE) to enable you to apply for a Student Visa.

## 9

### Apply for your visa

# Uni terminology

## Some key terms explained

Starting your university journey can sometimes feel overwhelming. This directory defines some useful concepts to help you along the way.

### College

An organisational unit with responsibility for academic programs, often with a number of sub-units called Schools. All degrees will be owned by a particular College of the University.

We have four Colleges at the University of Newcastle, they include;

College of Engineering, Science and Environment, College of Health, Medicine and Wellbeing, College of Human and Social Futures and College of International Education.

### Combined degrees

A combined degree means you study two degrees at once. You will then graduate with two qualifications in less time.

### Learning formats

- **Blended Learning:** enables you to master course content independently through a variety of online learning activities and then attend workshops to engage with materials on a deeper level and actively work with course materials.
- **Laboratories:** give you a chance to practise and experiment with what you are learning.
- **Lectures:** provide the theory component of your area of study in an interactive and engaged environment.
- **Tutorials:** small classes run by tutors where students have the opportunity to explore and ask questions.
- **Workshops:** active classes that give you a chance to practise what you are studying in an engaged environment.
- **Captured Lectures (through UONCapture):** provide slides and audio recordings of your lectures to allow you to listen back and review lecture materials in your own time.

### Majors and minors

Some degrees allow you to major or specialise in a particular group of courses. This focuses your area of study and ensures you are suitably qualified for jobs in your preferred field. Some degrees also give you the opportunity to complete a double major which is two specialty areas. A minor is a specialised area of study without the depth of a major.

### Mid-year

You can apply to start selected degrees in the second semester commencing in July.

### Qualification

- **Bachelor degree:** the university level qualification for entry into many professions.
- **Diploma:** a program of study requiring 80 units to be completed. These are not available to international students.
- **Doctorate:** the highest postgraduate achievement an individual can earn and recognises a significant original contribution to a field of knowledge.
- **Higher Degree by Research (HDR):** is a postgraduate university degree involving a unique supervised research project. These degrees are either a Masters of Philosophy or a Doctoral degree (either Professional Doctorate or a PhD).
- **Honours:** some degrees allow you to get an additional qualification that helps boost your chances of employment. Embedded honours is included in many 4 year degrees or honours can be studied as a separate additional year for 3 year degrees.
- **Masters:** a qualification granted at the postgraduate level to individuals who have successfully demonstrated a high level of expertise in a specific field of study or area of professional practice.
- **Postgraduate degree:** any qualification being at the level of Graduate Certificate or above.
- **Undergraduate degree:** any qualification up to and including the level of a Bachelor Honours degree.

### Semester

This is the academic teaching period, which is approximately 13 weeks in duration. There are two semesters in a year.

### Trimester

For some programs, the University operates a trimester system. This involves three 13-week trimester periods throughout the year.

### Winter and Summer study

A number of courses are offered to undergraduate and postgraduate students through the summer and winter terms. These courses are delivered in a shorter, more intensive format.

### Career-ready placements

Work experiences built into our degrees where you can apply your classroom theory to a real-world setting.

### Student support

We have a range of services available to help you, such as:

- **Peer Assisted Study Sessions (PASS):** one-hour weekly review sessions.
- **Academic Learning Support:** for tips, workshops and resources from our Learning Advisors.
- **Careers and Student Development:** for access to valuable work experience opportunities and employment help.
