

A group of approximately 20 international students of diverse backgrounds are posing for a group photo on a cobblestone street. In the background, there is a large, ancient stone castle tower with several arched openings, and to the right, a modern brick building with white window frames. The students are dressed in casual, contemporary clothing. The overall scene is bright and sunny, suggesting a pleasant day in a historic setting.

# STUDY ABROAD AT SUSSEX

YEAR | SEMESTER | SUMMER

**US**  
UNIVERSITY  
OF SUSSEX

# OUR CITY, OUR CAMPUS

- Our city, Brighton is on the south coast of England. It is a city famous for its cultural, music and arts scene, quirky shopping areas and diverse communities. It is a city of culture, creativity and sustainability. It is the most popular UK seaside resort for overseas tourists.

**[www.visitbrighton.com](http://www.visitbrighton.com)**

- Brighton is known as 'London-by-the-sea', with the excitement of city life but without the high cost of living in London. It's well-connected, with London only one-hour away and Gatwick Airport, one of Europe's busiest airports, only a half-hour away.

- Our countryside campus is the only UK university to be located in a national park – the South Downs, offering tranquillity, fresh air and English countryside exploration.
- Our single-site campus has everything you need as a student – library, study spaces, cafes, shops, sports centres, health centre, chapel and a creative arts centre with live music and art performances.

**[www.sussex.ac.uk/about/campus/facilities](http://www.sussex.ac.uk/about/campus/facilities)**

- Accommodation on campus, within walking distance of classes.

I fell in love with Brighton  
the moment I got there
